He Has Received That Assurance.

Hill Learns That Its Influence Will Be Used to Secure His Election.

THE SENATOR AND MR. SHEPARD.

Report that He Offered to Decline and Let the Latter Name the Candidate.

Court Justice William J. Gaynor, of Brooklyn, has at last made known his intention with regard to his mination for Judge of the Court of Appeals. A remark made by him to an "Evening World" reporter, to the effect that "the news must come from the other side of the bridge," was construed to mean that Major Hinckley, Chairman of the State Democratic Com-

mittee, had obtained his answer. The reporter hurried up to see Major Hinckley at the Murray Hill Hotel, and in reply to his query, Major Hinckley sent down this reply:

"From my talk yesterday with Justice Gaynor, I am satisfied that he will remain on the ticket for Court of Appeals Judge. That is all I am at liberty to say now on the subject."

At the time Major Hinckley was in

onference with Senator Hill. This is the tip Justice Gaynor gave "The Evening World" man:

"All the information must now comfrom New York. It is all in their hands over there. I have nothing to say, and vill have nothing to say. They are I can say nothing. the ones to see. I can say noth Everything has been left to them.

His attention had been called to a

two-column editorial in the Brooklyn Eagle of the date of yesterday, practically demanding of him that he decline the nomination, so that the State Committee could offer the nomination to Jus-tice William J. Gaynor. The editorial was uncomplimentary in tone to the Senator, and laudatory of Justice Gay-

The editor of the paper is very close to Justice Gaynor and to Edward M. Shepard, and in view of the advances and offers the Senator has made through his agents to Mr. Shepard, he is said to feel that the latter might have at least

prevented so deliberate an insult. It is stated on pretty good authority that when Mr. Hill came to town on his mission of harmony he sent to Mr. Shepard to know what could be done to heal the differences between the latter and the machine managers.

He offered to see to it that the Shepardites should have representation on the State Committee. That was refused. He then offered to use his influence to secure a division of the local offices in which the Shepardites should share. This offer was also refused.

The Senator then instructed his agents to say to Mr. Shepard that his stand in favor of a third ticket indicated that nothing would suit him but the privilege of naming the Democratic candidate for Governor, and that Mr. Hill was willing

to decline the nomination and let the Antis select the candidate, if by so doing harmony could be secured. Mr. Shepard didn't accept this either.

the editorial in question seems to indicate to Mr. Hill.

It may be set down as a fact that this last offer of Mr. Hill caused the talk that he intended to decline the nation in favor of Justice Gaynor.

had been placed upon the ticket. All the other members of the Committee declined to give reporters the names on the ticket chosen.

It was said that Charles C. Beaman would announce them at the Conference of the Anti-Tammny organizations to be held at 40'clock this afternoon at the United Charities Building and not before.

As a result of the failure of the Comnittee of LXX. and delegations from the various Anti-Tammany organizations last night to agree upon John W. Goff as a union candidate for Mayor, it is almost certain that the Republican County Convention to-night will invite the Independent County organization, the Anti-Tammany organization and the Good Government Clubs' delegates to join with it in placing a mixed ticket in the field, and make a hold bid for

the support of the reform element of the local Democracy. Only one thing, it is said to-day, can prevent such action, and that one thing will be the decision of the LXX. to name a Republican for Mayor. This it is declared, of defeating the Harmons deal by which Mr. Grace expects to name the county ticket and secure for

it the indorsement of Tammany Hall. If the LXX refuse to do this the Republican Convention, unless present plans are changed, will put in the field

a ticket like this: For Mayor-WILLIAM L. STRONG For President of the Board of Alders ALFRED R. CONKLING.

The Republicans claim to have 100,000 votes, the Independent County Organization, 35,000, and the O'Brienites, 25,000, a total of 160,000.
